BIRD DAY PROGRAM

Oklahoma schools will again this was instituted last season by the oifice of the State Game Warden, in which the office of the state superinwhich the office of the state superin-tendent became interested. April 9 LOOKS FOR BETTERMENT has been set for bird day in the schools this year. The program will be much like that of last year, consisting of readings and essays. The object of bird day in the schools is to inculcate into the minds of the children the desirability of preserving birds and protecting them.

less be to teach the children, among other things, that few, if any, birds fail to pay well for their support, and many good friends in feathers are fiercely persecuted because they are m'sunderstood. According to a bird census just made by the federal devarement of agriculture English sparrows have so increased in this country that there is now one pair of them to every square mile of territors This would be an amazing multiplication, or would be if there were not so many other like instances of what can he pen when an animal insect or plant is removed from a coust. try where it has efficient enemies to another where there is nothing to preserve a natural balance.

This federal person who has count. ed the birds makes the amazing state ment that there is only one pair of birds to the acre on the farm lands of the United States. Of course, this is too few ad the appeal for protection of birds is becoming general an the facts are better known.

A Specific Against Colds:
"If there is such a thing as a specific against colds, it is to be found in the sleeping porch or the open bed room. Next to that comes the cold room. Next to that comes the cold sponge both in the morning," says the Youths Companion. He as careful as you can you will occasionally take cold and when you do you will find Chamberlain's Cough Remedy a great help in enabling you to get rid of it Try it. Obtainable everywhere.

A Careful Perusal Will Prove its Value to Every Guthrie Reader The average man is a doubter, and there is little wonder that this is so. Misrepresentations make people skep-tics. Now-a-days the public ask for better evidence than the testimony of strangers. Here is proof which should convince every Guthrie read-
